

Buyer Agency

EXCLUSIVE REPRESENTATION FOR BUYERS

Today, someone looking to buy a home is able to have the same expert guidance as a home seller through Buyer Agency. By hiring one of our sales associates as your buyer's agent, he or she will work exclusively on your behalf throughout the process, ensuring that your interests are fully represented. Your sales associate becomes legally and ethically obligated to work for your best interests, assisting you in organizing your thoughts and defining your goals, and helping to formulate a plan to meet them.

Although it is probable that your search will begin online, it is recommended that you select a sales associate early in the process. Whether you have bought or sold homes in the past or are a first-time buyer, purchasing a home can be surprisingly complex, and a sales associate's experience can be critical to your being able to accomplish your goals as efficiently as possible.

Multiple Listing Service

We are members of the Multiple Listing Service (MLS), an invaluable tool to acquaint yourself with an inventory of possible properties to suit your particular needs. This service is exclusive to REALTOR® Brokers and agents. Our membership assures our sellers that their property will be presented to the entire REALTOR® association, thus expanding the property to a widespread audience.
